Only Half Price.

A quarter will pay for the Lincoln Daily News until April 1, 1910, just half price, and the paper will stop then unless you send in money to renew it. This is one paper that don't try to force itself upon people. Not a name is put on the list unless paid for and every fellow is cut off when his time is up. You're not helping to pay for other people's papers. We don't have solicitors and other expensive methods, but do business through Uncle Sam's mails, which is the cheapest way. The News is a live one. You'll like it no matter whether you are satisfied with things or are a kicker. The news is plain, frank and fair. It's not afraid of tramping on somebody's toes. Goes right to the bottom of things. Invest this quarter and you'll be more than satisfied. Send direct to the publisher or give to your postmaster. Don't ever let some smooth canvasser come around and work you with some premium scheme. You can trust your money with your postmaster.

Ye Scribe Visits Woodlake

Ye scribe went down to Woodlake Monday to see our neighbor city on the east. We found Jos. Weisner running the hotel and doing a good business. All the tables were full and there was plenty to eat. We found W. A. Parker, Henry Lausen, Dr. Shipherd, a couple of ladies, Messrs. Ruby and Ward, teachers of the school, F. W. Beloit and J. L. McElderry and many others boarding there and they all seemed to be in good health and looked cheerful.

Wood Lake people are a prosperous lot and always have a little time to visit with their friends.

Uck & Krampert have recently purchased lots across the street from the Uck & Lausen store and are going to start a lumber yard.

Dave Hanna and daughters, Mary and Florence, recently returned from Minnesota, where they attended the Bobbie Burns' celebration at their old home town Mapleton. We quote from the Blue Earth County Enterprise, reporting the program in which Mr. Hanna and his two daughters took active part, the following: "Miss Florence Hanna was a new face on the program and filled very acceptably the vacancies unavoidably caused by the storm. In fact her numbers were such as to bring forth repeated applause and so favorable were her selections received that one lover of music was heard to say: 'I wish she were the whole program.' " By request Miss Florence Hanna again appeared on the program and it took several selections to satisfy the music lovers present."

Pat Peiper rode into Woodlake and for the first time that we saw him appeared down at the mouth. Pat says he has been quarantined ever since shortly after election. Three of his children had diphtheria or scarlet fever and two had about recovered when the third took it. Pat didn't like being penned up so long.

Carter Bros. were in town and one was on his way to Sioux City.

Mr. Wilson of the Wilson & Long ranch was in town, as was also Wm. Heelan, B. E. Johnston and a Mr. Lovejoy. The latter reports a daughter at his home. We heard talk of an oyster supper that Sam Tetherow was going to put up.

The west pool hall changes hands the 10th, and Henry Lausen takes charge.

What is a Tree Worth?

That produces 25 bushels of apples and does it in a majority of years. We are doing this in our own orchards and others in every part of the country and town among you are successful. Plant the best trees and cultivate well and see them do something for you. Cultivate fairly deep during the growing season and cultivate shallow in the latter part of the season as soon as ground dries after rains, keep a dust on top to save moisture. Best varieties, good cultivation, trees grown near home. Moderate pruning and manuring are the great and important things.

If you have horses do not put garden truck or anything else in your orchard cultivate both ways with horses and a cultivator of some kind you can do it quickly, easily, often and do it well. If on a town lot it is all right to put garden truck among the trees if you cultivate them good.

We have the following trees in our nursery. 22 varieties of Summer, Fall and Winter apples, 7 varieties of Crab Apples, 5 varieties of cherries, 7 varieties of plums, peaches, currants, gooseberries, blackberries, raspberries, grapes, strawberries, evergreens, shade trees for trees, roses and other ornamentals adapted to this part of the country.

Get the cheapest for a long time of usefulness. A tree is a permanent investment. Get trees grown nearest home, they are acclimated and grown under same conditions you want them to grow, where they can be had fresh and planted the quickest and from those who are growing orchards for themselves and are producing fruit and will furnish any information desired for you to succeed.

Come to our nursery and see it or write for catalogue.
